X Supervised Release Conference

I understand that I have a right to appear before a judge in a courtroom in the Southern District of New York at the time the conditions of my release on supervision or my remand to custody are discussed. I have discussed these rights with my attorney and wish to give up these rights for the period of time in which access to the courthouse has been restricted on account of the COVID-19 pandemic. I request that my attorney and I be permitted to participate by telephone, or if it is reasonably available by videoconferencing, in any conference with the court at which such conditions or my remand are discussed.
